I agree we should review and see if there is a reason to hold them. Like most motions they will be referred to committee so holding onto an introduction just delays action even further. Just my two cents.

We should fully discuss the items. Unless there is a need to rush this through before recess, I recommend that we wait until afterward. There are a number of things to consider. Also, I don't think the Member would appreciate such matters moved before recess without his full attention. There will be literally over 100 motions coming before Council before the break.

I might have the following four motions for introduction next week before recess. All refer to committee. Let's tag base Monday and coordinate.

1. General Plan Amendment re. Proposed Hotel at 1330 W. Pico Blvd - refer to PLUM Committee
2. Transient-Occupancy Tax (TOT) Study re. 1330 W. Pico Blvd - refer to Budget Committee
3. Change funding source for motel conversion on 3rd Street (instead of Measure HHH Funds) as requested by HCIDLA
4. Micro Units as requested by CCA - refer to PLUM Committee
